Commercial and Money Matters. Thursday, P. M. The sales at the Board to-day were quite small and the foreign news appeared to have no effect. Mohawk declined

change. Sterling we quote 5 2 a 6. Francs 5 45 a 5 43.2 Mobile is dull to-day at 92 a 10; New Orleans par to 2 The London Money Market at the last advices was very

easy, and securities is consequence of the advices from India and China improving. The letter mail did not come in from Boston, consequently we did not learn what was doing in American stocks. The semi-nanual interest due on the 1st January, 1843, on

the State Loan to the Long Island Railroad Company' was deposited yesterday in the Merchants' Bank. At auction this morning the following sales of Stocks were

Markets - Carefully reported for The Tribune. THURSDAY, Dec. 21.

ASHES-At Liverpool, Montreal Pots were in fair demand at 31s, and some parcels of Pearls had been sold at 30% In this market we hear of nothing doing to-day in consequence of the firmness of holders. There are, we believe, no Pearis to be had below \$2 00. Pots are held at 5 75 a 6 80. COTTON-By the Britannia the advices are quite favor-

able for our great staple. The tide appears at last to have changed. During the week ending Nov. 25th, the market at Liverpool was heavy and declining until the arrival of the India and China news, which communicated an immediate impulse to the market, under which a large business was done at improved prices. The rates current were 1 to 2d higher on all American qualities below fair, and 1 to 1d per la on the better grades. At auction on the 25th, 750 Sea Island sold at 74 a 142, and 420 do Stained at 31 7d. The sales of the week reached 48,749 bales, of which 9000 American, and 6000 Strat were on speculation. During the week ending Dec. 2d, the sales were 47,000 bales, of which 13,600 American and 5,500 Surat were on speculation. The market was less buoyant, but there was no decline in prices. The quotations for fair Cotton were Bowed 5]; Mobile, 54; New Orleans, 71d. Here the news has created quite an excitement and the sales to-day exceed 3500 bales at fully a quarter of a cent advance. The sales were mostly at 6; a id and by two buyers, one English and one French house. FLOUR & MEAL-There was not much doing in Flour

at Liverpool and the following are given as the quotations: U. States Flaur, sweet, 26s 6d a 27s 6d; do sour, 24 a 25; Canadian sweet, 26, 61 a 27, 6d; Canadian Wheat was 6, 4d a 7s 2d; American, 6s 10d a 7s 8d per 70 lbs. This market is if any thing still duller than before reported. We quote Genesee 4 75 a 4 871; Ohio and Michigan, 4 75 a 4 814; Troy nominally 4 674 with the remark that the higher quotations are with difficulty obtained. The sales are very triffing. Southern descriptions are delivering and prices are too unsettled to allow of quotations. Georgetown has declined to 4 50 and sales of Howard-st. and Georgetown have been made to-day at that rate. Brandywine is held at 4 75. The other descriptions we cannot quote. GRAIN-The supplies of Wheat have received an acces-

sion of some 5000 bulbels from New Orleans and probably in store and affoat the stock exceeds 10,000 bushels. A let of Southern, 990 bushels sold at 811. We hear of nothing doing in Corn to-day, excepting 600 bushels Southern at 53, weight. The parcel of Southern reported yesterday at 52 weight, was a cargo of 4000 bushels. At Liverpool Corn was quoted at 23s a 26s per 400 lbs. We notice a sale of 1000 bushels Rye at 56, in the slip. Oats are 30 for River, which is a little lower, and 30 a 32 for Canal. RICE-Sales 100 tierces fair quality at 2 69.

SUGAR-Asale of 28 bhds new crop New Orleans was made at auction at 4 a 41.

TOBACCO-At auction 21 hhds Kentucky sold at 3 00 a 6 25; average \$3 76 per cwt. COAL-A parcel of 160 tons Schuylkill was sold at 3 50

PROVISIONS-There is nothing but a retail trade doing

to-day. The following is the state of the Liverpool American Provision market: Cheese-much slackness in de mand, and prices have been barely supported. This is in a great measure attributable to the large stock of English Cheese, which has experienced a decline of 6 to 8s per cwt. on last year's prices at same period. Within these few days things seem to be taking a better turn, all feeling that the depression is at the lowest. On this ground a purchase of 20 tons first quality American Cheese, to arrive, has been made, but the price has not transpired. An increased consumption of Cheese in the manufacturing districts is looked for now that there is every prospect of a revival of trade in these quarters. Beef-Some attempts have been made to force a good deal of old Beel off at public sales, but without success. Quotations are almost nominal. New sweet Beef, put up to correspond with the Irish (In barrels 200 lbs, and in pieces of 4 lbs, each) would fetch nearly the same price as Irish. Pork-The flatness in this article continues; but a supply of new and well cured (packed in the same way as Beef,) would revive demand. It has become a favorite meat with the tower classes, and it only requires attention in the curing and packing to cause demand both for home use and shipping. Hams-The stock of old is nearly exhausted, and no new have yet come forward. The transactions have consequently been small. Lard-some arrivals of this article which have been freely taken, but in the general depression of prices it has somewhat participated. This article must always be in kegs or balf barrels, and not in bladders. Butter-No American on hand-prices

COURT OF COMMON PLEAS .- Cornel. B. Force vs. Catherine Size.-This case was continued. Several aged gentlemen testified to being acquainted with defendant, and that she is an affectionate, kind mother. Mrs. Marga-ret Hart (lady to the Sheriff) testified to being the daughter of Mrs. S., and was aware of Mr. Force's late hours giving much dissatisfaction. He has also shown evidence of wan of feeling, particularly when his little daughter, 9 months old, died-he appearing to think very little about it, while his wife was in great affliction. Mrs. Jane Sise testified to being the widow of Humphrey Sise, son of defendant, and to have fived three weeks in the house of Mrs. Sise. Heard Mrs. S. speak against Mr. Force to his wife after the latter had gone to housekeeping, and declare that she should not live with him. The cause of trouble was his staying out iate. [The counsel for plaintiff declared that the object of bringing this action was partly to prevent the improper interference of Mrs. Sise to cause trouble between the plaintiff and his wife.] This witness stated that she had entered as action against Mrs. Sise relative to property, and also talked of doing so for slander. Has not visited Mrs. S. since she left after being in her house the three weeks aliuded to. Has never seen Mr. Force. He did not visit the house. Another witness testified to saying to Mr. F. that he thought his lady would not be willing to have him stay out so much at nights. He replied, it was dull music to be so much at home. Some other testimony was given, and the case closed on both sides. The summing up and conclusion (in order to accommodate a juror, and permit him to go for a day or two from the city) were postponed to Tuesday next.

King vs. the Mayor, &c. of New-York .- On the evening of the 24th April, 1841, an excavation which bad been made in Whitehall-st. for the purpose of placing pipe, was left without the usual lamp to show danger, and a pair of valuable horses which the plaintiff was driving were nearly destroyed by falling in. Mr. H. G. DAGGERS: Sir-Injustice to the efficacacy of Dr. Rush's Infallible Health Pills, one box only of which I purchased from you, I deem it but right to inform you of their surprising effects in restoring me to health. For the last two months I was disabled from my employment, tried numerons advertised remedies, was treated in the General Hospital without any success, and finally adopted Dr. RUSH'S PILLS. Their effect was immediately evident-infusing vigor and health through my frame, relieving a constant pain in my side and deep oppression, promoting sleep, creating an appetite for food, and altogether invigorating a frame that was rapidly inking into decay. I therefore deem it a duty I owe, not only to the public, but yourself, to publish the above testimony, which I have corroborated with a conscientious affidavit of the truth thereof.
